PROFESSIONAL SUMMARY

Computer Science graduate with strong skills in Python, SQL, Data Analysis, Django, PostgreSQL, and Web Development. Experienced in building database-driven applications, performing data cleaning and exploratory data analysis, and developing scalable software solutions. Seeking entry-level opportunities in Data Science, Python Development, Django Development, or Software Engineering.

EDUCATION

PUNE UNIVERSITY 2022 - 2025

B.Sc. Computer Science Dr. D. Y. Patil ACS
College, Pimpri | CGPA : 8.34

SKILLS

- Python
- Data Cleaning And Preprocessing
- SQL
- Data Visualization
- HTML , CSS
- **Libraries & Frameworks**
 - NumPy
 - Pandas
 - Matplotlib

PROJECTS

Student Management System | Django, PostgreSQL

- Developed a web-based system for managing student records using Django and using PostgreSQL.. Implemented CRUD operations, search functionality, and database integration
- Designed responsive user interfaces using HTML and CSS. Applied MVC architecture principles and optimized database operations.

Job Portal Website

- Built a recruitment platform connecting job seekers and recruiters
- Implemented secure authentication, authorization, job posting, and application workflows. Developed responsive frontend components using Bootstrap, HTML, and CSS.
